Vitamins to VEGA !

8th. Nov. 2024

VITAMIN

01

According to sources, ZMC raised the shipping price of its feed-grade vitamin E powder (50% content) on November 7. The new price after adjustment is 160 yuan per kilogram, about 20 USD, and this price adjustment is implemented in a limited time and quantity manner.

Since November 7, Tianxin and NHU have adjusted the prices of their vitamin B6 products. Specifically, the quotations of feed-grade and food-grade vitamin B6 have been raised to 195 yuan per kilogram, about 24.5 USD, and a limited order policy has been implemented.

AMINO ACID

02

The latest quotation of Dacheng amino acid products on November 7, 2024: 70% lysine USD650/ton, 98% lysine 1420USD/ton, threonine 1650USD/ton, supply long-term stable cooperative customers.

On November 7, 2024, the Harbin Branch of Daxiang (Beijing) Food Group Co., Ltd. quoted 98% tryptophan (sewon brand) at 7USD/KG, and 50% tryptophan (sewon brand) at 3.5USD/KG. The recent tryptophan market is relatively stable, and end users purchase on demand. It is expected that the market will operate smoothly in the short term.

API

03

The factory price of colistin sulfate has been firm recently. The current mainstream factory quotation is around 14.5USD. There is a small supply of low-priced goods in the market, and the price acceptance of foreign customers has increased. In the short term, the price is expected to be strong.

FOOD ADDITIVE

04

Affected by market conditions and rising raw material costs, the price of food sweetener sucralose is adjusted from today: 25 kg large package price increased to FOB 30 USD/KG 10 kg small package price increased to FOB 30.2 USD/KG
